

"Time flies by!"

Editorial

When you are a kid, the summer holidays seemed endless, not because you're bored, but because time does not hold the same value that an adult places on it. Now as an adult (no comments please), time seems to have climbed aboard an F1 car, and has its foot to the floor. The joys of getting old, again no comments.

I have not shot as much this year, what with changing my job, the weather and other time commitments, focusing on

archery has taken a backseat. So to re-awaken the affair, I have promised myself to concentrate on getting it right for the indoor season as the outdoor season reaches its end. So, there will be lots of drills at short distances. Now that's not to say there won't be the odd adventure into the longer distances, but focus is required.

Hopefully you have found time for archery this year.

Club Notices

Please check the website for any changes/times of club competitions.

The setting up and taking down of equipment is the responsibility of all club members. So, please don't arrive late and leave early. Everybody's help is needed.

Archery Anonymous

Due to some members not paying their dues, a van makes an appearance in the field to remove their equipment.

Don't let this happen to you, we know where you live.

Congratulations

To Nikki and Shane on their recent engagement.

CONGRATUAL TIONS

Angela	Club record	Ladies Barebow	FITA900	262	September

	1st Class				23rd August

Auntie Val

If you have an archery problem, let Auntie Val help
Email: news@lutterwortharchery.org.uk

Dear Val,

I have noticed that my arrows are wobbling through the air as they fly to the target. The spine is correct, at 20 yards there is a good group. A fellow archer suggested it might be my release, can you help?

Yours Malc Weeble

Dear Malc,

Whatever result you're getting at 20 yards, wobbly arrows mean it is entirely possible the arrows are not ideal. Your bow/arrow set-up is almost certainly not tuned properly and unless you tune with an unfletched arrow you can't really be sure whether the spine is correct or not.

Of course your release could be wobbly too!

Val

Funds

To help us raise money to improve the convenience facilities at the club, please make sure you purchase a yearbook and a car sticker.

Archery according to 'One Sheet'

Never mind archery, where's the milk for the tea?

LAC Diary		
October	?	No plan yet
November	?	No plan yet

Skittling

17th October

7pm for a 7:30pm start

Red Admiral public house in Broughton Astley

The club's annual trip down to the skittle alley is here again. This is a chance to demonstrate your prowess as a bowler, to have a good nosh up and drink a few sherbets. There are prizes to be won, flourishes to admire and tears to be shed.

If you have not booked your place, then have a word with Martin, places are limited.

Funshoot

4th October

Be there or be a square target

For those with new club shirts lets wear them as some new group photos would be great to pop on the website

Indoors

18th October

Lutterworth Community College, sports hall

Between 1:45pm and 4:15pm

Experience archery without competing against the weather. From Saturday 18th October our season will be moving indoors, the field is still open (as it is all year around), but the weekly club meet will be indoors. Hope to see you there.

Please note that due to other bookings we cannot have the school gym for two a couple of Saturdays. Therefore, it is planned to do a Saturday morning shoot, with the added bonus of bacon butties. Details to follow.

Unstrung

I missed because ... I have already hit the gold

I missed because ... green is good, other colours bad
